

<p>Prostate MRI</p>	<p>The patient has to bring Microlax which will use 10 minutes before the scan in our facilities. On the eve of the scan, the patient cannot have sexual relationships.</p> <p>FASTING OF 4H IS REQUIRED BEFORE THE EXAM</p>
<p>Virtual CT colonoscopy</p>	<p>Please call before to our clinic in order to ask us to send at your address or you can come in person to pick up the specific preparation for the scan, which we will provide you for free. Nevertheless, you have to purchase a package of Citrafleet at the pharmacy well in advance (no prescription required). It is strictly necessary to respect the following rules:</p> <p>THE DAY BEFORE THE SCAN</p> <ol style="list-style-type: none"> 1. At 8 am, drink the liquid preparation we provide you (shake the bottle well before drinking). 2. Mix a bottle of Citrafleet in a glass of water and drink it; then start drinking water, until you drink one liter. 3. During this day, you should have a diet without any residues (liquid diet: liquid yogurts, triturated soup, tea, etc.) 4. At 8 pm, drink the second bottle of Citrafleet, mixed in a glass of water; then drink another liter of water. <p>Please attend at the scheduled time. FASTING OF 4H IS REQUIRED BEFORE THE SCHEDULED TIME.</p>
